- *React JS   React Native Bootstrap   Node JS   MERN*

- *SQL   TABLEAU   POWER BI*

- *TESTING(Mocha & Chai) MS POWER POINT*

PROJECTS & SOFTWARE EXPERIENCE

SWEET BASKET

- Its a food app which deals only with sweet foods. From cakes to chocolates you will get everything in our app at your doorsteps.
- **My contribution** in this project was basically building the design of the app like **Home Page, Service Page , Navbar , Footer and also making false API using React JS**.

IMAGE BUILDING APP

- Its a image providing app , where you can search and find any images as per you requirement.
- **My contribution** to this app is creating the design using react and using false API to link with my app for providing the image.

DASHBOARD CREATION

- Done **BUSINESS ANALYTICS** using Relational Database,Aggregation, Sub-queries, Connecting Data,using Tableau and Power BI with 1 month of Internship from **Skillto.**
